Road Collision			

1x Suspicious circumstances – this call related to 3 people riding push bikes and were poorly lit. No suspicious activity, just they were hard to be seen.

1x Attempted Burglary – males approaching a property in a Silver Ford Focus. Males exit the vehicle, approach the property with tools. Males are fortunately spooked and flee back to the Ford Focus and leave. Area search completed but no one found. Number plate not obtained from the car.

1x Call for service at the Woolley services due to males using the bandit machines. This was closed as no further action as no evidence to suggest a crime has occurred.

PS 6851 Rhees-Cooper reports.

Weather:- Wet/ Cold/ raining

On Thursday 14th March 2024 between 1130hrs and 1230hrs on Huddersfield Road, I attended locus in an unmarked Police vehicle and completed a speeding monitoring operation. This operation utilised a home office approved pro laser speed detection device, capturing traffic in both directions. The results are as follows;

Total cars - 483

30mph or less - 425 (88%)

31mph - 35mph - 49 (11%)

36mph to 40mph – 7 (1.5%)

41mph or over - 2 (0.3%)

These results will assist in any communications with highways with a view of putting in place traffic calming measures at this location.

PC342 Firth Reports

On Monday 4th March 2024 between 4.30pm and 5.30pm I attended to West Bretton for safe scheme overtime.

Due to recent calls for service in the afternoons, I attended to Huddersfield Road and the surrounding wooded area for hi vis patrol to search for any suspicious males in the wooded area. Information regard to males committing a sexual act in plain view causing distress to other members of public.

On searching the area, no males were seen during this time, however, dog walkers spoken to and reassurance offered.

PS 6851 Rhees-Cooper reports.

Weather:- Wet/ Cold/ Sunny

On Monday 4th March 2024 between 1200hrs and 1300hrs on Huddersfield Road, I attended locus in an unmarked Police vehicle and completed a speeding monitoring operation. This operation utilised a home office approved pro laser speed detection device, capturing traffic in both directions. The results are as follows;
