PC342 Firth Reports

On Monday 30th October (mischief night) between 8.30pm and 9.30pm.

I attended to West Bretton for safe scheme overtime. Due to the weather, it was not suitable for pro laser speed detection, however, due to it being mischief night, I spent the time patrolling the village and surrounding area to deter ASB and potential criminal damaged Etc. I located three males who did not belong in the village, obtained details, and escorted them away from Bretton. I believe they were up to no good, however, no offences seen or reported whilst patrolling, I removed them to prevent potential misbehaviour. A lady was seen driving erratically coming into the village, near to YSP – she was stopped, She was not drunk, but very elderly and confused, I assisted her out of the village back on course.

PC342 Firth Reports

On Saturday 28th October between 10.30pm and 11.30pm.

I attended to West Bretton for safe scheme overtime. I intended to attend earlier in the evening, however, the rain meant the speeding operation was not suitable. Therefore I attended later in the evening for crime deterrent. Throughout the evening, there were no calls for service. It was still poor in weather meaning no one was seen throughout the time. There was nothing to report of concern and all areas throughout covered a couple of times during the evening. I ran a number of vehicles through, however, there were no issues or offences.

PC342 Firth Reports

On Friday 27th October between 5:45pm and 6:45pm.

I attended to Huddersfield Road for safe scheme overtime with the speed detection device. I captured the following vehicles. I attended in a marked Police vehicle.

Total - 496

30mph or under – 427 – 86.1%

31mph - 35mph – 63 – 12.7%

36mph to 40mph - 5 (suitable for tickets, however unable to stop due to wrong direction) – 1%

41mph and above - 1 (this went 53mph - overtook two cars driving up the hill towards Denby Dale Road. Number plate obtained and we're looking further into this) - Clearly did this as a HAHA to the Police. 0.2%
