PC342 Firth Reports

On Saturday 27th July between 12pm and 1am - I attended to Bretton for late night patrols for Theft and fly tipping offences.

During the evening - all was quiet and no issues throughout. I scoured the location a few times over, visiting top lane, obtaining vehicles details of the few there some left immediately on my presence.

West Bretton Parish Council Working in partnership to reduce crime.
I completed vehicle checks on some vehicles coming in and out of the village but none appeared to be suspicious or any offences identified.

I attended to Maltkin Drive and located a white Merc Van with Hazzard lights on, No audible alarm sounding but an area was searched for anyone present but none seen in any of the gardens or nearby hide aways. Unsure of any offences as owner not present and didn't want to wake them up at that time. Assumption was - if something was amiss, they would call in the morning – Upon making this report – no calls for any offences involving this van.
